PROFESSIONAL SUMMARY

Motivated Cybersecurity student with strong hands-on exposure to web application security, Linux exploitation, networking fundamentals, and introductory defensive/SOC concepts through extensive TryHackMe labs. Actively building skills in Security Operations (SOC), threat detection, and incident response, with a keen interest in securing Web security and Penetration testing systems. Known for disciplined self-learning, ethical mindset, and clear technical documentation.

EDUCATION

B.Sc. in Cyber & Digital Science

Dr. D. Y. Patil Arts, Commerce & Science College, Pimpri, Pune

Affiliated to Savitribai Phule Pune University

Expected Graduation: 2028

TECHNICAL SKILLS

Security Tools & Platforms

- Burp Suite (incl. Extensions), Nmap, Wireshark, Metasploit, SQLMap, Hydra

Security Domains

- Web Application Security (OWASP Top 10), Vulnerability Assessment, Linux Privilege Escalation, Network Security Fundamentals, Basic Digital Forensics, Security Operations (Introductory)

Operating Systems

- Linux (Ubuntu/Kali), Windows

Scripting & Languages

- Python (Basics), Bash (Basics)

PROJECTS

Unified File & Directory Integrity Checker

Personal Project (Bash)

- Developed a Bash-based tool to verify the cryptographic integrity (hash) of files and directories.
- Designed to support incident response functions by quickly identifying and flagging unauthorized file modifications.

VIRTUAL EXPERIENCE

Cybersecurity Job Simulation – Mastercard (Forage)

- Completed simulated tasks involving security awareness, risk identification, and secure technology practices.
- Gained insight into cybersecurity responsibilities within a global payments organization.

CERTIFICATES

- Junior Penetration Tester (Learning Path) – TryHackMe (2025)
- Web Fundamentals (Learning Path) – TryHackMe (2025)
- Cyber Security 101 (Learning Path) – TryHackMe (2025)
- Pre-Security (Learning Path) – TryHackMe (2025)
- Cybersecurity Terminology – LinkedIn Learning (2024)
- Introduction to Cybersecurity – Cisco Networking Academy (2024)

LANGUAGES

- Marathi – Professional Proficiency
- English – Working Proficiency
- Hindi – Working Proficiency
